

## Green Challenge Trophy

It is easy to play and help your team win! Everyone can be a green try scorer, if you score the most, you'll be your team's MGP (Most Green Player). Every green try you score will be counted against your team's tally for the tournament. The team with the most green tries will win the Men's, Women's or Mixed Green Challenge Trophy and win a special EV2-sponsored prize.

All squad members can fill out their green playbook online form to log their green actions [[link to Google Form](#)]. The form will be open until 6pm on the day of the tournament.

### The green playbook

Score green tries for taking simple green actions as part of your NTS team.

#### Waste

- I'm taking home all my recyclable waste to ensure it is recycled (2 points)
- I will pick up other people's litter from pitchside and ensure it is binned (1 point)
- I will pick up other people's litter from pitchside and ensure it is recycled (3 points)
- I won't use single-use plastic bottles or single-use coffee cups at this NTS (3 points)

#### Food

- I brought home-made food in a reusable container rather than pre-packaged food (2 points)
- I will only eat vegetarian or vegan food on NTS day (3 points)

#### Travel

- I car shared with one other person to get to and from the NTS (1 point)
- I car shared with two or more other people to get to and from the NTS (2 points)
- I traveled in an electric car to and from the NTS (1 point)
- I took public transport to and from the NTS (3 points)

#### Kit

- I'm wearing the same kit as I used last year (3 points)
- I've borrowed kit from somebody else for today's NTS (3 points)
- I'm using the same on-field kit bag as I used last year (2 points)

Green tries scored by all squad members will be tallied up at the end of each NTS to give a team score.

The Green Challenge Trophy league table will be published alongside the NTS league table.

Each team will be given their individual player stats, and be told who their MGP is after each NTS.
